HAPPY NEW YEAR!

As we welcome the new year, it's the perfect time for our IRGs to look ahead to new adventures and possibilities. A fresh year brings new goals, new experiences and new opportunities to grow through Girl Scouting. Whether trying a new skill, attending camp or exploring leadership and service activities, the year ahead is full of ways for girls to learn, connect and create meaningful memories on their Girl Scout journey!

WHAT'S TRENDING? Cookie Season 2026!

**Don't forget! As an IRG, you can still
participate in the Girl Scout Cookie Program!**

Juliette Connect is a quarterly newsletter.
You will receive one in October, January, April and July.

**BRAVE.

"Shirley" the Ferret Plush
300+ pkgs

Cookie Duffle Bag
400+ pkgs

Digital Cookie Sales started January 6, 2026.

One of the most exciting parts of being a Girl Scout is taking part in the Girl Scout Cookie Program- and eligible Juliette Girl Scouts can join in too! The cookie program helps girls build important skills such as goal setting, decision making, money management, people skills and business ethics, all while earning rewards and supporting Girl Scout experiences.

If you live near a USAGSO community, you're welcome to partner with a local troop to assist at cookie booths, practice customer interaction and take part in discussions about how cookie proceeds are used to support Girl Scout activities and opportunities.

If you're not located near a USAGSO community, Juliettes can still fully participate through the Digital Cookie platform, where they can run their own online cookie business, reach friends and family and work toward earning the exciting rewards shown above.

Participation in the cookie program is a great way for Juliettes to stay connected to Girl Scouting, build confidence and take ownership of their Girl Scout journey. To get started or learn more about Juliette cookie participation, reach out to overseascustomer@girlscouts.org.

USAGSO Camps

USAGSO camp sessions offer Girl Scouts the opportunity to participate in meaningful camp experiences designed to build skills, confidence and connections within the Girl Scout community. As a Juliette, you can hit the slopes in South Korea, travel to Guam or Scotland as a USAGSO Globetrotter, camp in Japan or even learn to surf in Portugal!

Camp experiences include:

- Outdoor adventures and hands-on activities.
- Skill building and leadership development.
- Teamwork, independence and confidence-building opportunities.
- Age-appropriate programming led by trained staff.

For Juliettes:

- Girls registered as Independently Registered Girl Scouts (IRGs) or Juliettes may attend any USAGSO camp.
- Camp provides an opportunity to stay actively involved in Girl Scouting without being part of a troop.
- Campers can connect with other Girl Scouts and participate in traditional camp experiences.
- Financial Aid is always available! Reach out to our Customer Care Team for more information.

Here is the complete guide that goes all the way to July 2026!

USAGSO Patch Program

Not sure which badges or patches to focus on in 2026?? The USAGSO Patch Program offers a flexible and engaging path forward. Juliettes can participate by attending USAGSO events, collaborating with local troops or completing activities independently. With a wide variety of topics and themes, these patch programs make it easy to set goals, try something new and stay connected to the broader Girl Scout community- no matter how you participate. Just a few examples of the patches you can earn:

- Discover USAGSO- IRGs can discover their host nation culture through a series of fun activities designed to explore food, folklore, architecture, customs, clothing, history and religion.
- Girls in Parkour- Get up and get active! The Girls in Parkour patch program is designed to get Girl Scouts moving and is a basic introduction to the sport of parkour.
- Origami Crane Patch-Girl Scouts discover the meaning of the Origami Crane and share this symbol of good fortune with the world.

Start exploring a world of possibility in 2026 and discover where your next Girl Scout adventure can take you.

The list of and requirements for USAGSO Patches can be found [here!](#)

As part of our Juliette Connect Program, you will be given free* access to our STEMminist program! This is a great way to earn STEM badges! If you haven't received your free pass yet- reach out to overseascustomer care@girlscouts.org.

Juliette Journeys: Show & Tell

We are always looking for fresh ideas! If you have anything you would like added, either to the Juliette Connect or something you feel would be helpful to our IRG community, please let us know!

Whether you're earning badges, exploring your community or trying something new- snap a pic and tell us all about it. We can't wait to spotlight you in one of our upcoming Juliette Connects!
