Summer offers endless opportunities for girls to learn, lead, and grow. As Girl Scouts, we know that some of the most meaningful lessons happen outside the classroom—while exploring nature, building resilience, and developing healthy habits that last a lifetime. This month, we invite you to focus on being Resilient, Ready, and Strong as you take on new challenges and continue your Girl Scout journey.

Our Resilient. Ready. Strong. program encourages girls to develop confidence, adaptability, and perseverance when facing life's challenges. Pair those skills with activities from the Girl Scout Mental Wellness program, which helps girls build self-awareness, manage stress, and prioritize their emotional well-being. Together, these experiences provide valuable tools for navigating both everyday situations and future adventures.

Don't forget to get outside and explore with the Girl Scouts Love the Outdoors Challenge! Whether you're hiking a trail, observing wildlife, camping with family, or simply spending time in nature, outdoor experiences help girls build confidence, independence, and a deeper appreciation for the world around them.

Every activity you complete this summer is an opportunity to grow stronger, discover new interests, and continue becoming the courageous, confident, and character-driven leader the world needs. Click on each tile above to learn more and start your next adventure!

Complete any of these programs and earn a FREE patch to celebrate your accomplishments and showcase your summer adventures!
